This protocol applies exclusively to the sample and the data that were supplied by the submitter. DNA analysis concerns only to mentioned type and under no circumstances can be used as proof of identity. We establish the possibility of verifying the authenticity of the protocol, due to the occurrence of false protocols. Information about the analyzed individual (species) and analysis result will be provided by phone or email by entering the chip number and laboratory code! Slovgen warrants its test results to be accurate for the received samples the above mentioned. In the event of a valid claim, owner's sole remedy is a refund of the fee paid. In no event shall Slovgen be liable for indirect, consequential, or incidental damages of any kind. Any claim must be asserted within 30days of the report of the results.

**Ordering a test is easy** – just a few steps and you'll receive your invoice by e-mail (or by post) and your results conveniently **online in your customer account** (and/or by post, if selected).

### **1** Ordering sampling materials

Order **sampling cards** or **plastic bags for feathers**, together with the order form (DNA sexing or disease test).

### **2** Collecting the biological sample

After you receive the cards/bags, collect:

- **a drop of blood**, or
- **feathers** (approx. **6–8 breast feathers**) with the visible end part (**calamus**).

### **3** Sending samples to the laboratory

Send the samples by post to:

**Slovgen s.r.o., Ilkovičova 8, 841 04 Bratislava, Slovakia**

Enclose in the package:

- the **completed order form** (sex determination or disease testing), or
- a **printed online order**.

If you cannot print the order, simply write the **online order number** on a piece of paper and include it in the package.

We recommend sending the shipment **as registered mail** to prevent loss during transport.

If you have a **voucher**, write its number in the **top right corner** of the order form.

### **4** Contact details & invoicing

Please provide your **e-mail address** on the order form (if available).

After we receive your samples, we will send you an **invoice by e-mail** (or **by post** if you do not have e-mail).

### **5** Test results

After we receive the payment and complete the analysis, your results will be made available:

- **ONLINE** – **download from your customer account in the database**, and/or
- **by post** (if selected).

---

### **Creating an online order (recommended)**

The fastest and most convenient option – place your order online.

#### **Step-by-step**

1. Log in to your account on the online ordering website. If you don't have an account yet, **register**.
2. On the right, click **My Orders**, then at the top **Create Order**.
3. In the **Samples** section, fill in the required details.
4. Select the requested analyses and click **Add to cart**.
5. In **Payment & Delivery**, choose and complete:
  - o **E-mail notifications** – if you wish to receive order status updates,
  - o **Payment method** – bank transfer or PayPal,
  - o **Result delivery** – ONLINE (download from your customer account) and/or by post,
  - o **Invoicing** – after all analyses are completed, or immediately after sample receipt,
  - o **Note** – any special requests or comments.
6. Click **Order summary & submission**, check the details, and confirm **Submit order**.
